

# Game Input Controller Icons Free

*Author: DefaceGames.com*

A Essential Icon Pack created for Game projects. Features **over 100 icons** in 2 styles as White & Black. Well organized and labeled, all handcrafted in Photoshop.

We are going to add lot more icons to it over time, so stay tuned for regular updates. Upcoming first thing is controller icons spanning all major controllers.

Also we are open to requests, just let us know if you have any suggestions.

- Over 100 unique icons.
- All icons are in White variants.
- Size: 512 x 512 px each with proper padding.
- Format: PNG
- Keyboard & Mouse Icons.
- No AI used.
